Designed for both new and experienced leaders, the Principles of Leadership workshop is not your basic leadership course. It is a life-long lesson on how to authentically relay expectations, planning, coaching and accountability to maintain positive behavioral outcomes.

This interactive workshop guides participants through interpersonal techniques that focus on behavioral influence, such as self-discovery, purposeful listening, and empowering others. Participants will come away with insights on intrinsic communication styles and a new ability to foster leadership skills for themselves and others.

CORE TOPICS

- ✓ Skill Development
- ✓ Building a Diversified Team
- ✓ Leadership Characteristics
- ✓ Coaching Techniques
- ✓ Expectations and Follow-Through
- ✓ Communication – Up, Down, and Sideways
- ✓ Trust
- ✓ Collaboration
